EXECUTIVE SUMMARY

Product executive with 25+ years scaling data-driven SaaS platforms inside fast-moving, sales-first cultures. Track record installing structure, clarity, and operating rhythm (planning, rituals, communication, tooling) without slowing the commercial engine, while mentoring product leaders through coaching and direct feedback. Most recent platform serves blue-chip institutional customers across 195+ countries with 7B+ signals/month, paired with hands-on AI-native building at Cimanote and Kairos.

CAREER HIGHLIGHTS

Inflection-Point Operator

Walked into Usercentrics, Simpplr, and Visit.org at inflection points and built the product function to scale the business.

AI-Native Operator

Founder of Cimanote (AI-native SaaS, 3-person team); Kairos advisory practice helping B2B SaaS go AI-native.

Founder's Partner Track Record

Partnered with CEO/board at Usercentrics and Simpplr to take product off the founder's plate: roadmap, org, strategy.

Product Org Builder

Built 6 cross-functional product orgs from scratch; launched Design and Incubation functions at Usercentrics.

Data Platform at Global Scale

Privacy-first data platform: 2.3M+ websites and apps, 7B+ signals/month, 195+ countries, GDPR-compliant architecture.

ARR Growth at Inflection

102% at Usercentrics (€47M to €117M+), 6x at Simpplr (\$4.6M to \$28.4M), 3x at Visit.org (\$1.9M to \$7.1M).

EXPERIENCE

Founder & CPO | [Cimanote](#) / Co-Founder | [Kairos Advisory](#)

Lisbon, PT · Jan 2026 to Present

Currently building Cimanote (AI-native SaaS) and Kairos (AI operating model advisory) for B2B SaaS leaders.

- Spec'd, prioritized, and shipped the AI Knowledge Engine at Cimanote, an LLM-powered feature doing entity mapping, gap analysis, and contradiction detection; #1 most discussed product on Product Hunt launch day (beat a Google launch); 200+ users across 30+ countries in week one.
- Advising B2B SaaS leaders on redesigning operating models for the AI era through Kairos. Strategic Advisor to WYLE (Dubai).

Vice President, Product Management | [Usercentrics](#)

Lisbon, PT (Hybrid) · Jul 2024 to Jan 2026

Led product on a privacy-first data platform at global scale: 2.3M+ websites and apps, 7B+ signals/month across 195+ countries, blue-chip enterprise customers.

- Contributed to 102% ARR growth, scaling revenue from €47M to €76M to €117M+ by driving multi-year platform strategy, org design, and multi-product expansion aligned to commercial goals.
- Built and operated a privacy-first data platform at global scale: 2.3M+ websites and apps, 7B+ consent signals captured monthly across 195+ countries, with GDPR-compliant data architecture, data quality governance, and partner ecosystem.
- Executed platform transformation from point solution to multi-product suite: led platform modernization, launched new product functions (Design, Incubation), and expanded API and partner integrations across enterprise ecosystems.
- Restructured product org from the ground up by hiring senior talent, launching new functions, and transforming culture from delivery-focused to outcome-driven and data-led.
- Partnered directly with CEO/CPTO and Board on multi-year product strategy, roadmap governance, pricing, packaging, and M&A-aligned positioning.
- Integrated AI-driven tools across the product lifecycle; scaled cloud-native infrastructure and platform services to support privacy compliance at global scale.
- Owned end-to-end product lifecycle, pricing, and packaging strategies aligned to revenue and margin expansion.

Vice President, Product Management | [Visit.org](#)

New York, NY (Remote) · Feb 2022 to Oct 2023

- Drove product strategy for a B2B SaaS platform, scaling ARR 3x and user adoption 4x in 18 months.
- Built cross-functional product teams from scratch and drove a product culture shift; aligned roadmap directly to commercial growth and investor expectations.
- Reported to the CEO and operated as the founder's product partner.

Vice President, Product Management | [Simplr](#)

Redwood City, CA · Apr 2019 to Oct 2021

Installed product discipline inside a sales-first culture without breaking the commercial engine, scaling ARR from \$4.6M to \$28.4M.

- Scaled ARR from \$4.6M to \$28.4M (6x) in 2.5 years by installing product strategy and discipline inside a sales-first culture, without slowing the commercial engine.
- Built the product org from zero: hired PMs, design, and product marketing; shifted from reactive feature factory to strategy-driven team in 18 months by proving it with outcomes.
- Expanded platform into new modules (Analytics, Integrations, Newsletter, Pulse Survey, Employee Recognition) and drove 8x revenue growth across global enterprise clients; led IPO readiness with board-level product reporting quarterly.

Director of Product | [Vindicia / Amdocs](#)

San Mateo, CA · Jan 2015 to Apr 2019

- Owned product strategy for a monetization and analytics data platform, doubling revenue through advanced data insights, APIs, and compliance tooling.
- Led enterprise client partnerships on product adoption across global teams.

Earlier roles (Engineering & Product): Quotient/Coupons.com, IPextreme, Silicon Graphics, STMicroelectronics, Aphex
